

Product Replacement and EoL Announcement

Opengear announces the end-of-sale and end-of-life (EoL) dates for its IM7200-LV product. The last sale date is July 22nd, 2016. The Opengear Technical Support Team will continue to help customers still using the product until July 31st, 2020.

The EoL of the IM7200-LV is due to the limited availability of the cellular module used in the device. The replacement device is the IM7200-LMV. The cellular module in the LMV has multi-carrier support and is certified for Verizon Wireless.
